- English
- Tamil

Enthusiastic Web Developer (Learning JavaScript & React): Recent graduate with a strong foundation in HTML and CSS. Eager to leverage my skills and passion for web development on a team that utilizes React. Possess a strong learning aptitude and am committed to mastering both JavaScript and this popular framework.

## Professional Experience

#### Student Intern

IppoPay Technologies Pvt Ltd, Chennai, Tamil Nadu

August 2023 - September 2023

Recreated the company's website interface with HTML and CSS, focusing on responsive design and user-friendly navigation.

#### Student Intern

Foloosi Technologies Pvt Ltd, Chennai, Tamil Nadu

September 2023 - October

Built a crop management system integrating ML for predictive insights, featuring an intuitive and attractive UI for improved user interaction.

#### Education

Sri Ramachandra Faculty of Engineering and Technology , Chennai B.Tech CSE in Artificial Intelligence and Machine Learning August 2021 -August 2025

## Projects

Hospital Webpage Development using

June 2022 - August 2022

Angular

Users search doctor availability, schedule appointments, and manage login/signup.

Mutiple Disease Prediction using Machine Learning

March 2023 - May 2023

Built a static web app using Streamlit to predict Hepatitis C and Prostate Cancer using Machine Learning algorithms. Optimized for best prediction accuracy.

Personal Portfolio Website

Created a multi-page personal portfolio website with a navigation bar linking to Home, Projects, Resume, and Contact pages. The site is hosted on GitHub for easy access and sharing.

### Volunteering

Sri Ramachandra Faculty of Engineering and Technology | Arduino Workshop

April 2024

Volunteered at an Arduino workshop, demonstrating a machine learning project to 12th-grade students to inspire their interest in technology. Received a certificate of appreciation from the college for my dedication to education.
